- □ Second
- □ Third

These comments will **not** be directly related to the continuous assessment score achieved by this group, but might give useful feedback to the group.

With a maximum score of 10 (where 0=worst, 10=best), how many marks would you award this group? (Consider how **easy to follow** the presentation was, how **academically interesting** the contents were, how **careful and accurate** the information or analysis was, how much **effort** was put into the presentation and how well **everything came together**.)

Please put down a few words of explanation for this score.
